PRESIDENT WILL MEET RAIL MEN

WILSON WILL ASSUME CHARGE OF TREATY FIGHT ON NEXT MONDAY

FRESH ATTACKS TO BE STARTED BY PRESIDENT

Chief Executive Never Wavered From Original View, Alleged.

SEE HOPEFUL SIGN

Belief Growing That Long Fight is Nearly Completed.

Washington, Feb. 12.—When the fight over the treaty is resumed next Monday, President Wilson will be in command.

So near to complete recovery is the president that when the battle for ratification commences in the senate next week, he will be able to sit at the White House, like a general in his headquarters and instantly decide any and all issues that may be put up to him.

Senator Gilbert H. Hitchcock, Democrat whip, will continue to direct maneuvers on the spot, but he will no longer have to depend so entirely on his own initiative.

The president, it is understood, weighing more than when he was taken ill, and at the top of his form in every way, save in physical strength, will keep in constant touch with the progress of the fight and whenever wanted, will give the minority leader the benefit of his counsel. There is little likelihood of President Wilson appearing in person before the senate at any time during the debate, even should it drag on a month as some believe it will. The sentiment of the White House seems to be that the treaty is going to be ratified, and though there must be considerable give and take by both sides of the controversy, there would be nothing to gain by the president making such a dramatic move as addressing the senate by word of mouth. Moreover it is not believed that Admiral Grayson, the president's physician would permit his patient suddenly to draw on his strength to such an extent, weakened as he is undoubtedly by months of confinement to his room.

Never Wavered.

People close to the president deny that he has wavered in his stand on the question of reservations, insisting that his alleged opposition to any form of reservation has been greatly magnified by his political opponents for the effect it might have in the campaign, and that not only is he today in a mood for conciliation, but that he has always been. The treaty and the League of Nations, they say, are now actual and existing contracts, signed by all necessary parties to the agreement, and as such are now in force. The senate can ratify or reject the treaty as it conceives the United States, it is pointed out, but cannot very well alter its meaning.

Therefore observers here aver, time has played into the president's hands, for unless the senate now sees it to ratify the treaty with interpretative reservations only—which president Wilson has said all along he was perfectly willing to accept—it can only reject the treaty bodily and go to work on the job of rigging up the best possible separate peace with Germany.

They are the sorrowing American fathers and mothers, wives and sweethearts, compelled by the exigencies of greed to make a long and expensive pilgrimage to view the sacred place where rest our expatriated dead.

AMERICA SENDS ITS CONDOLENCE TO DESLYS' RELATIVES

Paris, Feb. 12.—Many messages of condolence from the United States and Europe and beautiful floral tributes were received today at the home of Gaby Deslys, famous French dancer, who died on Wednesday from pleurisy. Mlle. Deslys, who had planned to retire from the stage and be married soon had undergone a number of operations for throat infection.

She sprang into international fame ten years ago when the overthrow of the Portuguese monarchy revealed that ex-king Manuel had been infatuated with her and had showered her with costly gifts. She visited New York a number of times to fill theatrical engagements, the last time being last autumn. The funeral is expected today before the president's coal commission. Their statement was made in connection with the announcement of the commission that the public will be invited to appear before it next Tuesday and state its position in the coal situation.

ADVANCE IN COST OF COAL PREDICTED

Washington, Feb. 12.—Advances in the cost of coal to the public will result if the wages of bituminous miners are advanced beyond the 14 percent average raise suggested by Dr. Garfield, said coal producers here today before the president's coal commission. Their statement was made in connection with the announcement of the commission that the public will be invited to appear before it next Tuesday and state its position in the coal situation.

to work out details for the creation of an international court of justice and arbitration before the meeting comes to an end. The commission will draw up an elaborate report of the scope and functions of the proposed tribunal.

So far as can be learned from the silent old world diplomats who are participating in the council meeting every possible effort will be made to prevent the plans for the new court from being obstructed and entangled by the demand for the ex-kaiser and the German war criminals.

Holland is maintaining that the ex-kaiser could be extradited only in the event of the recognition of the new principles of guilt expounded through the league of nations. Despite this attitude, however, the allies wish to avoid entirely the presentation of any of the present "live" issues to the proposed new court. They seek to get the tribunal in working order without hindrance from controversy now hanging fire.

FITTING TRIBUTE PAID LINCOLN BY PHYSICIAN

(Copyright 1920 by the International News Service.)

New York, Feb. 12.—"Abraham Lincoln, to my mind, was the greatest man who has lived since the time of Moses. He was a man of wonderful mentality, far-seeing, great-hearted kindly and lovable. A patriot among patriots, he was a lover of liberty and justice, yet compassionate to a marked degree. My memory of him is one of my treasured possessions."

This was the tribute paid to the memory of Lincoln today on the occasion of the 111th anniversary of his birth by Dr. Charles A. Leale, of this city, who was with the great emancipator when he died. Dr. Leale and Robert Lincoln of Washington, are the only members of the historical group that witnessed Lincoln's death.

Dr. Leale was the person to reach Lincoln's side in answer to Mrs. Lincoln's scream for help, when the former president was shot. At the time the doctor was an army surgeon in charge of wounded commissioned officers at Washington. In an interview at his home, Dr. Leale said:

"Lincoln had ceased to breathe when I reached his side. I realized that his wound was mortal but restored his breathing by artificial respiration, aided by two assistants. We removed him to a house across the street from Ford's theater. He was too tall to lie comfortably in bed in which we placed him. He was six feet, four inches tall. I asked that the foot of the bed be torn away. Finding this impossible, he was placed in a diagonal position.

Dr. Leale will be 78 years old in March. He was born in New York and received his appointment as an army surgeon in this state. Asked what course he thought Lincoln might take were he here today to solve some of the great problems of reconstruction, he replied:

"Conditions have changed greatly since Lincoln's time. I would not even venture an opinion as to what he might do were he here to give his advice. Why even our accomplished statesmen today do not seem to know which way to turn for the solution of some of the problems born of the recent war."

JOHN B. PAYNE SUCCEEDS LANE AS SECY. OF INTERIOR

Washington, Feb. 12.—President Wilson today appointed John Barton Payne, of Illinois, to be secretary of the interior, to succeed Franklin K. Lane.

John Barton Payne is at present chairman of the U. S. Shipping Board. He was formerly general counsel of the railroad administration. It was announced that Chairman Payne will continue his duties with the shipping board for some time until it is possible for the president to appoint a successor.

Chairman Payne's home is in Chicago and he is well known as a jurist.

EX-KAISER FORBIDS SURRENDER OF SON

Berlin, Feb. 12.—According to the Kreuze Zeitung, the ex-kaiser has forbidden the former German crown prince to surrender himself to stand trial instead of the other officers demanded by the ententes. The ex-kaiser is said to have asked the Dutch government to prevent the crown prince to put his proposal into execution, if he should attempt it.

WAGE CONTROVERSY TO BE LAID BEFORE WILSON ON FRIDAY

Three Representatives of Brotherhoods Will Meet With Chief Executive For Discussion of Plans Now Before Director General Hines.

HOPE EXPRESSED STRIKE MAY BE AVERTED

Possibility of Presenting Matter to Wage Tribunal Following Conference Is Thought Likely By Union Chiefs.

Washington, Feb. 12.—President Wilson will meet three representatives of the railroad workers at the White House at 10:30 tomorrow to discuss with them their wage demands.

Secretary Tumulty called on Director General Hines early today and held a long conference. He took to the president all of the data concerning the wage demands and the briefs presented by the representatives of the workers, as well as the reply of Mr. Hines.

The representatives of the workers discussed the situation with Samuel Gompers, president of the American Federation of Labor, who advised that they deliberate carefully.

The railroad men held a conference today and discussed their future plans. There was considerable strike talk in the conference and also discussion of the submittal of the dispute to a wage tribunal.

At the White House, it was announced that the president would act on the basis of a report from Director Hines, but there was no intimation as to when the president would act.

The president will meet with the railroad employees, in the garden of the White House and at that time will go over the entire question of increased wages for railroad workers. It was announced.

The three representatives who will meet with the president will be selected by the railroad men themselves.

The president plans to discuss Director General Hines' report with the men and to ask their assistance in reaching a final decision as to the approval of Director Hines rejection of the demands.

IN RECEPTIVE MOOD.

Representatives of the workers today let it be known that they would be in a receptive mood to discuss with the president the possibilities of a wage tribunal, providing assurance was given that such a board would be appointed immediately.

The president's conference tomorrow will be the first held with any persons outside of his cabinet since his illness and signifies his return to active work.

The director general and the representatives of the workers will meet again after the president has taken action.

The demands of the maintenance of way employees who have agreed to strike on February 17 and the demands of the trainmen will be taken up in separate conferences with the director general today.

Optimism ran high today and there were hopes that there would be no general strike. It was even believed that the strike called by the maintenance of way employees would be averted before next Tuesday.

W. G. Lee, chief of the brotherhood of railway trainmen, while insisting upon the demands of his brotherhood, was in no mood to threaten strikes and expressed hope that action would be taken by which a strike could be averted.

STRIKE OF EMPLOYEES NOT CANCELLED SAY UNIONS' LEADERS

Detroit, Feb. 12.—The strike of maintenance of way employees set for February 17, will not be called off under any circumstances until the demands of the employees have been granted, it was said today at the offices of A. E. Baker, president of the brotherhood of maintenance of way workers.

Reports that President Barker had been asked to call off the strike with the appointment of a reviewing tribunal met with denials. No such offer had been received it was said.

"The strike will not be called off unless the demands of the men are granted, regardless of a request from the president or anything else," said Barker's secretary.

KANSAS RAIL MEN WON'T STRIKE, BELIEF

Chicago, Feb. 12.—The entire country can be held in the grip of a railroad strike, but not a man in the state of Kansas will go on strike, according to Governor Henry J. Allen, of Kansas, in discussing the new Kansas law which makes it a felony to strike or create a labor lockout in that state. Governor Allen is in Chicago to address the Chicago Bar Association.

LEGISLATION NOW IN HANDS OF COX AS BODY QUILTS

Evans Bill and Smith Cold Storage Act Await Governor.

PASS APPROPRIATIONS

Five Mine Rescue Stations Will Be Established In Ohio.

Columbus, O., Feb. 12.—Both the Evans bill, which deprives cities of control over the rates charged by public utilities, and places that power in the hands of the state utilities commission, and the amended Smith cold storage bill, which is claimed will nullify the original Smith act, are in the hands of Governor Cox today. The state legislature adjourned sine die shortly before midnight.

Attempts to have the bills reconsidered at the final session of the legislature were defeated by parliamentary objections from Republican senate leaders.

The bill, introduced by Rep. Evans, of Toledo, also confers on the state utilities commission the power of abrogating franchises of all utilities.

According to Franklin county prosecutor Schlesinger, who drafted the amendments to the Smith cold storage act, a "serious sleeper" was added to the bill which allows violators of the act to escape punishment. The bill provides that foods stored in transit and intended for sale outside the state are not subject to seizure and sale by the secretary of agriculture, if held longer than the time permitted by law.

In addition to the \$728,000 appropriated last week to meet the salary increases granted to state employees both houses passed an extra appropriation of \$370,000. Upon investigation by a committee, it was found that the original appropriation was not sufficient.

Both the house and senate approved a bill, introduced by Rep. King, of Perry county, which proposes the establishment of five mine rescue stations in Ohio's principal mining regions. Motor truck rescue machinery will be included in the equipment of the stations. The bill is in the hands of the governor.

SALE OF OLIVES IS STOPPED THROUGH FEDERAL DECREE

Washington, Feb. 12.—Telegraphic orders have been sent by the department of agriculture prohibiting sale of canned olives from certain lots which department inspectors believe have caused recent deaths in various cities. The tracing of these shipments from factories to wholesalers and retailers is being continued and embargoes will be placed as fast as suspected lots are located.

Investigation of the poisoned olives cases by the department's bureau of chemistry is being conducted from the factories on the Pacific coast and from headquarters. Careful inspection is being made of factory output and experts are being sent to every locality from which cases of sickness have been reported as resulting from the consumption of canned olives to trace the material back to its origin.

HAS POWERFUL INFLUENCE
OVER RHEUMATISM
Discoverer Tells Druggists Not to Take a Cent of Anyone's Money Unless All Rheumatic Pains and Twinges. Mr. James H. Allen suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work.

He finally decided after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers. Sayre & Hemphill has been appointed agent for Xenia in this vicinity with the understanding that he will freely return the purchase money to all who state they received no benefit.

ACCEPTANCE OF DECISION OF THE BOARD REJECTED

Washington, Feb. 12.—After the coal strike settlement commission had agreed to render a decision as to making the 14 per cent wage increase retroactive to Oct. 1 in the Kentucky fields, the Kentucky Operators' association refused to submit to the jurisdiction of the committee and withdrew from the hearing.

This was the first refusal of operators in any field to accept the commission's settlement of questions involved in the strike. The representatives of the mine workers presented their side of the case, but President Robinson did not indicate what course the commission might pursue in view of the refusal of the operators to give their views.

Claim of the Kentucky miners that the award should be made retroactive was based on the contention that the mines in Kentucky were operated on practically a 100 per cent basis throughout the strike.

"FIFTY FIFTY" PLAY

Gave Me Back My Old "Pep" Declared a Hypo-Cod User.

WAS WEAK, RUNDOWN
"It sure does feel good to be rid of that dead-tired, no-good feeling. I was weak and sort of rundown and didn't ever have a respectable appetite. I never felt like getting out in the morning and going to work. Then I started talking Earle's Hypo-Cod and it gave me back my old time "pep." It surely is a good tonic and helped me a lot. You can put me down as a booster everytime," declared Mr. H. Harden, for many years a resident of Dayton, O., residing at 225 Troy St.

When a fellow climbs out of bed so dizzy, weak, nervous and upset that he has no appetite for breakfast it is time he dropped by the drug store and took home a tonic and the tonic that has them all beat is Earle's Hypo-Cod. It is the latest thing in medicine and if you stop and read the formula we are sure you will agree that the ingredients are all good and the names of the Earle Chemical Co., one bottle assures you of quality and full strength. It isn't bad to take and a few doses taken before meals for a few days gives you that extra "pep" that makes work fun.

Earle's Hypo-Cod is sold here by Sohn's Drug Store (opp. Court House) and the leading druggists in all near-by towns. Price \$1.25 plus 5c war tax.

Patriarchal Yew.
An enormous age is attained by some trees—notably yews. At Fountain's abbey, Yorkshire, the yew trees were old in 1132. California has a very ancient tree in Mariposa grove. Baobab trees of Africa have been computed to be more than 5,000 years old, and a deciduous cypress at Chapultepec is still older.

DRINK HOT TEA
FOR A BAD COLD
Get a small package of Hamburg Breast Tea at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB BACKACHE AND
LUMBAGO RIGHT OUT
Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Liniment.

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 30 cent bottle of old, honest "St. Jacobs Liniment" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica and lame back misery so promptly!

"SO SICK AND MISERABLE"
Mrs. A. E. Hager, 909 London Road, Duluth, Minn., writes: "I have been taking your Cadomene Tablets for the past month. They certainly did wonders for me, as I was so nervous I wasn't able to do my housework; so sick and miserable. Now I can do all my own work and feel good all the time. My daughter and her husband have also been taking them, and they helped wonderfully."

Thousands of sick, nervous, impoverished, weak men and women have found Cadomene Tablets a true tonic and builder. Try them—if not perfectly satisfied with results the proprietors will refund purchase price. Sold by all druggists everywhere.—Adv.

EXECUTED BY HIS OWN MEN

Admiral Kolchak Hoisted on His Soldiers' Bayonets.

REDS IN CONTROL OF ODESSA

Transport Carrying 1,400 Officers and Officials and Their Wives and Children is Blown up by Denekine's Soldiers—Letts and Bolsheviki Conclude an Armistice—Russian Officers Murdered in Odessa.

London, Feb. 12.—Admiral Kolchak was executed by his own troops to prevent his rescue by white troops moving in the direction of Irkutsk for that purpose, according to a Copenhagen dispatch. The Moscow soviet sent a wireless message asking his captors to spare his life, but the appeal was too late.

The Moscow wireless service transmitted an extract from an article from the official Bolshevik organ, Pravda, which said: "Only a few days ago Supreme Ruler Kolchak was hoisted on his soldiers' bayonets." The conclusion of an armistice by the Letts with the Bolsheviki is announced in a dispatch received here from Riga.

The remnants of the army of General Denekine, former anti-Bolshevik leader in southern Russia, are retreating southward, according to a wireless dispatch from Moscow. General Denekine has proceeded to Yalta, in the Crimea, the message adds.

A wireless dispatch from the soviet government at Moscow says: "According to a message from Novo-Rossisk, when the volunteer transport Karantia, with officers and officials and their wives and children aboard, numbering 1,400, left Mariupol (in the Russian province of Yekaterinoslav), on the approach of the Bolsheviki, the volunteer army, incensed at being left behind, fired on the ship. A shell pierced a boiler and the transport sank with all aboard."

The latest information received in Constantinople from Odessa says that the Bolsheviki army now is in control of the city. Ten thousand refugees are on ships in the harbor awaiting escape. Russian officers and other refugees are marching in small bands to Tiraspol, 72 miles northwest of Odessa, on the Armenian border.

The British battleship Ajax, three British destroyers and a French gunboat are standing by. The British cruiser Ceres is towing a steamer loaded with refugees to Varna, Bulgaria, and the American destroyer Biddle is en route to Constantza with refugees. It is reported an Italian steamer filled with refugees is signaling that she is in distress off Serpents island, in the Black sea.

Reports received in interallied circles state that isolated murders of Russian officers began in Odessa Feb. 1. These were followed by rioting, which British officers attempted to control.

GREAT CHANGES PLANNED FOR R. R. OPERATION

Philadelphia, Feb. 12.—Radical changes in the operation of the Pennsylvania railroad system with a reorganization of officials affecting many of the higher officers, was announced by Samuel Rea, president of the company, to become effective when the railroads are turned back to their private owners. The system will be divided into four regions—eastern, central, northwestern and southwestern—with each in charge of a vice president. The respective headquarters will be at Philadelphia, Pittsburgh, Chicago and St. Louis.

The separation in organization that has existed since 1870 between the lines east and west of Pittsburgh is to be abandoned, the announcement said, and the system will become a unit in all that concerns its service to the public. Instead of having a dividing line as at present at Pittsburgh, the whole territory between Altoona, Pa., on the east, Buffalo on the north and Columbus and Crestline, O., on the west, will comprise the central region. The eastern region will extend from New York to Altoona and to Washington on the south. The northwestern region will extend from Columbus and Crestline to Chicago, and the southwestern will be bounded roughly by Columbus, Cincinnati and St. Louis.

Philadelphia, Feb. 12.—The four local papers, the Register, Union and Times-Leader, afternoon, and Journal-Courier, morning, at a meeting of the publishers this forenoon decided to suspend publication of their next editions, this afternoon and tomorrow morning, because of a walkout of printers in the offices, which left the composing rooms of the papers without sufficient force to print the editions.

SEARCHLIGHT CLUB HAS VALENTINE PARTY.

Members of the Searchlight club of the O. S. and S. O. Home turned their meeting of Tuesday afternoon into a Valentine party. No program was arranged for the day and the roll call

was answered with Valentine quotations.

The party was held in Cottage No. 20, and the decorations were of hearts and flowers. Victrola music was enjoyed. Coffee and heart shaped cakes were served. There were thirty enjoying the afternoon, including several guests.

HEARTS FEATURED AT VALENTINE PARTY

Valentines and hearts were used in every way to feature the party which was given by the members of the lodge of Rebekah, at the home of Mr. and Mrs. E. E. Lightheiser on Hill street, Wednesday evening.

Hearts were featured about the rooms. Candy hearts were secreted, and the guests made a hunt for them. Mrs. Robert Spahr being awarded a prize for finding the greatest number. In a contest, "Love in a Garden," the names of flowers being answers to questions relating to courtship, Mrs. Robert Snead was successful in giving the greatest number of answers. Miss Ethel Tressler was awarded a prize for presenting the best pencil drawing of one of the company. Escorts for supper were secured through matching sections of heart cards. Fruit salad, sandwiches and coffee were served.

CELEBRATES ANNIVERSARY ALDORA CHAPTER O. E. S.

Thirteen candles, signifying the thirteen years of the existence of the lodge, topped the birthday cake which featured the little celebration held by Aldora Chapter, O. E. S. of the Eastern Star in honor of its anniversary.

Thirteen toasts, one for each year of the Chapter's history were given, and as the speaker finished his talk, he stepped forward and lighted a candle on the cake.

Mrs. Simon Shumaker was toastmistress, and gave the first talk as the worthy matron of the chapter in 1907, its first year. Each person called upon had been for which he or she spoke. John Shadrach represented 1908; Mrs. Harry Kiernan, 1909; Mrs. Frank Shelly, 1910; Lester Barnes, 1911; Mrs. Fred Fisher, 1912; Miss Florence Mitchell, 1913; Mrs. Clem Henry, 1914; O. M. I never felt like getting out in the morning and going to work. Then I started taking Earle's Hypo-Cod and it gave me back my old time 'pep.' It surely is a good tonic and helped me a lot. You can put me down as a booster everytime," declared Mr. H. Harden, for many years a resident of Dayton, O., residing at 225 Troy St. When a fellow climbs out of bed so dizzy, weak, nervous and upset that he has no appetite for breakfast it is time he dropped by the drug store and took home a tonic and the tonic that has them all beat is Earle's Hypo-Cod. It is the latest thing in medicine and if you stop and read the formula we are sure you will agree that the ingredients are all good and the names of the Earle Chemical Co., one bottle assures you of quality and full strength. It isn't bad to take and a few doses taken before meals for a few days gives you that extra 'pep' that makes work fun.

Earle's Hypo-Cod is sold here by Sohn's Drug Store (opp. Court House) and the leading druggists in all near-by towns. Price \$1.25 plus 5c war tax.

PASSENGERS SAVED

London, Feb. 12.—The most of the 700 refugees from the Russian steamship Emperor Peter The Great, which was sunk by a mine in the Black Sea off Verna, have been saved, said a News Agency dispatch from Constantinople today.

Patriarchal Yew.

An enormous age is attained by some trees—notably yews. At Fountain's abbey, Yorkshire, the yew trees were old in 1132. California has a very ancient tree in Mariposa grove. Baobab trees of Africa have been computed to be more than 5,000 years old, and a deciduous cypress at Chapultepec is still older.

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system. Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Liniment.

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 30 cent bottle of old, honest "St. Jacobs Liniment" at any drug store. Pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica and lame back misery so promptly!

Vick's VapoRub

is a Real "Little Bodyguard" Against Croup and Cold Troubles in Literally Millions of American Homes

What is Vicks?

Vicks is the invention of a North Carolina druggist, Mr. L. Richardson. During his years of experience behind the prescription counter, Mr. Richardson came to realize the need for some effective and convenient method of treating diseases of the respiratory organs, such as spasmodic croup, pneumonia, bronchitis, etc. The only way to get medication directly to these parts is in vapor form, since internal medicines go only to the stomach.

Mr. Richardson finally worked out a process of combining the standard, time-tested remedies—Camphor, Menthol, Turpentine, Oil of Eucalyptus, etc.—in salve form, so that when applied to the body, the ingredients would be vaporized by the body heat. This preparation he called Vick's VapoRub.

How Vicks Acts

The action of Vicks is two-fold:

1st—*Internal*—the vapors released carry the medication with each breath from the air passages

to the lungs, loosening the phlegm and clearing the air passages.

2nd—*External*—Vicks is absorbed through and stimulates the skin, attracting the blood to the affected parts, and thus aids the vapors inhaled to relieve the congestion.

This double action of Vicks makes it useful for a wide variety of troubles, from deep chest colds, bronchitis, coughs, spasmodic croup and sore throat, down to burns, stings, bruises, etc.

How the Use of Vicks Has Grown

The best evidence of the value of Vicks is the increasing number of families who are converted each year to the use of this real "Little Bodyguard in the Home". The number of jars used annually for the last few years is:

1910	347,748 Jars
1911	523,152 Jars
1912	1,027,068 Jars
1913	1,357,590 Jars
1914	1,462,330 Jars
1915	2,418,213 Jars
1916	4,302,764 Jars
1917	6,799,511 Jars
1918	17,377,408 Jars

Directions for the Use of Vicks

VAPORS IMPORTANT For diseases of the respiratory organs, such as colds, a large part of the value of Vicks lies in its vaporizing qualities. Therefore, whenever Vicks is applied over the throat and chest, care should be taken to leave the cloth loosely around the neck and the bed clothes arranged in the form of a funnel, so that the vapors arising may be freely inhaled.

HOT WET CLOTHS In cases of very severe colds, sore throat, coughs, incipient pneumonia, etc., hot, wet towels should be applied over the throat and chest to open the pores of the skin before applying Vicks.

FRESH AIR Plenty of fresh air in the bed room is the best way to prevent colds and lung troubles. Fresh air does not cause colds; it strengthens the lungs, enabling the system to throw off colds.

ASTHMA Vicks is not a "cure" for asthma—so far as we know, there is no cure. In many cases, however, Vicks does give relief. Rub it well over the spinal column, from the neck to the hips to relieve the nervous tension. Then apply freely over throat and chest at bed time and cover with hot flannels. Renew frequently and always have the covers loose, so that the vapors may be freely inhaled. Also melt Vicks in a spoon and inhale the vapors and apply a little up the nostrils.

BRONCHITIS, SORE THROAT, COLDS IN THE CHEST If a severe case, first apply hot, wet towels over the throat and chest. Then rub Vicks in well until the skin is red; spread on thickly and cover with two thicknesses of hot, flannel cloths.

CATARRH, COLDS IN THE HEAD Melt a little Vicks in a spoon and inhale the vapors. Also apply well up the nostrils. There are so many varieties of catarrh that a competent physician should always be consulted. For many forms, however, Vicks is excellent. Dissolve a half teaspoonful of salt in a pint of warm water and snuff up the nostrils night and morning. Then insert Vicks

freely up the nostrils as far as possible; snuffing well back into the air passages.

CHILDREN'S COLDS Vicks is particularly valuable in treating children's colds, since it is an external treatment, and therefore does not disturb the delicate digestion of children. The best plan is to keep Vicks constantly on hand and apply freely and often at the first sign of "sniffles."

Growing children require plenty of fresh air and exercise and should be kept in the open as much as possible, even in the winter.

COUGHS Apply Vicks as directed for Colds in the Chest and Head, and if the cough is very annoying, swallow, every few hours, a small piece the size of a pea.

CROUP-SPASMODIC Rub Vicks freely over the chest and throat until the difficult breathing is relieved. One application is usually enough. To prevent croup during the night, give a good application over the throat and chest at bed time and cover with hot, flannel cloths.

NOTE: Vicks is not a relief for Membranous Croup or Laryngeal Diphtheria. The specific for this disease is antitoxin, which should be administered only by a physician.

HAY FEVER There is no certain cure for this disease. In some cases Vicks gives temporary relief. Apply as for Asthma.

INFLUENZA In spite of the epidemic "wet winter," very little is known of this disease—even the germ causing it is not yet definitely located and no specific for influenza, so far as known, has been discovered. In all cases a physician should be called promptly.

Vicks is to be used as an external application in connection with the physician's treatment. Apply as directed for Pneumonia.

TO AVOID INFLUENZA Influenza is a spoil-borne disease, and when inhaled the germs attack the mucous membrane,

or lining of the air passages. Even this is not absolutely certain, but it is agreed by most authorities that keeping the system in good condition and the air passages stimulated and free from colds is the best way to avoid the disease.

Melting a little Vicks in a spoon night and morning and inhaling the vapors, and applying well up the nostrils several times a day, particularly when in crowds, is recommended.

PNEUMONIA (1) Send for your physician at the first sign of pneumonia. (2) Immediately begin the use of Vicks as an external application. For pneumonia, Vicks is applied somewhat as directed for Deep Chest Colds—for full directions see the Directions Folder.

TONSILLITIS Apply as directed for Sore Throat.

WHOOPING COUGH This is a self-limited disease, running a course which varies from a few weeks to several months. There is no known specific—Vicks is of value in easing the cough paroxysms, and thus lessening their weakening effect on the system. Rub Vicks well over the spinal column, from the neck to the hips, to relieve the nervous tension. Then apply over throat and chest, covering with hot flannels.

For Surface Congestion and Inflammation

In cases such as are listed below, Vicks is of value as a poultice, liniment or plaster, because of its penetrative and stimulative effect through the skin. Its vaporizing qualities are naturally without value for these troubles.

BITES, STINGS Apply ordinary household ammonia or wet bread soda. Then apply Vicks as a salve.

BOILS Apply cloths, dipped in hot water, to soften the skin; then apply Vicks thickly over the boil, covering with a thin cloth. Repeat every few hours.

BRUISES Apply to the bruised part cloths dipped in hot water followed by cloths dipped in cold water—then hot

cloths; then cold cloths again, etc. Keep this up for five or ten minutes to reduce the inflammation. Then apply Vicks thickly, covering with a light cloth. Every few hours repeat the application of the hot and cold cloths, followed by a dressing of Vicks.

BURNS Cover first with wet bread soda. When dry, take off and apply Vicks as a thick dressing, covering with a light cloth. Apply as gently as possible and do not rub in.

CUTS Cleanse the cut well with warm water, then apply Vicks as a salve.

EARACHE In some cases of earache Vicks gives relief. Apply a little on cotton and place in the ear.

ECZEMA-ITCHINGS In many cases these are blood diseases and should be treated by a competent physician. To reduce the itching, and as a cooling, soothing application, apply Vicks over the parts affected, covering with a light cloth. In severe cases do not wash the parts often; water irritates certain forms of eczema.

FROST BITE Rub the parts affected with snow or apply ice water until the blood begins to circulate. Then rub Vicks well in; do not cover with a cloth. Do not bring the parts affected near a fire.

HEADACHE, NEURALGIA Rub the forehead and temples with Vicks, melt a little in a spoon and inhale the vapors, apply a little well up the nostrils. Headaches come from many causes; they are symptoms of more serious troubles, usually faulty digestion or eye strain. If headaches are continuous, a physician or a good oculist should be consulted.

MUSCULAR RHEUMATISM, SORENESS, STRAINS, SPRAINS For these troubles, alternating applications of hot and cold cloths should be applied as directed for Bruises. Then massage well the parts affected with Vicks, cover thickly and apply hot, flannel cloths. In cases of muscular rheumatism or extreme muscular pain, after following the

directions above, a hot water bottle or a warm flat iron may be placed over the flannel cloth to help drive in the Vicks.

PILES Severe cases of piles of long standing should be treated by a competent surgeon. For itching piles, see Directions Folder with each package.

POISON OAK Wash the parts affected with water colored with a pinch of bluestone; put in just enough bluestone to faintly color the water. Be careful not to get this bluestone water in the eyes. (If bluestone is not convenient, use ordinary lime water). Then apply Vicks lightly; do not rub in. Repeat this treatment, using the bluestone water and Vicks every three or four hours.

SUNBURN Apply Vicks as a salve. Do not rub in.

TOOTHACHE In some cases of toothache, Vicks will be found a temporary relief. Rub it well around the gums, and if the tooth is hollow, put a little Vicks in the hollow. Then apply a hot water bottle or a hot wet towel.

For Animals

For domestic animals and fowls, Vicks has been found effective in certain diseases.

DISTEMPER IN HORSES OR DOGS Rub Vicks on throat and between jawbones and apply freely up the nostrils.

COLDS OR ROUP IN FOWLS Rub a little Vicks over nose holes in beak and make the fowl swallow a piece the size of a bean.

PNEUMONIA OR PLEURISY IN HORSES Keep in a warm, dry, well ventilated, roomy box stall, and give plenty of water and laxative feed. Rub Vicks well over chest and push handfuls up each nostril. Rub the salve over region of the lungs, back of forelegs and cover with wide bandage. Repeat applications every three or four hours until the fever is broken. Blanket the animal and bandage legs if stall is too cold. Give pint of raw linseed oil, into which an ounce of powdered aloes has been dis-

solved. Also give twenty grains of quinine twice daily; wrap dose in tissue paper and throw well back of tongue.

Vicks is Not Meant to Replace the Physician

At the first symptom of a serious illness, such as pneumonia, a physician should always be called. Many other troubles, such as chronic catarrh or continued headaches, call for the diagnosis of a good doctor.

Vicks is simply an emergency remedy, which can be kept in the home ready for instant use and which can be used freely, with perfect safety, on the youngest member of the family.

NO PARTY HALTER FOR HOOVER UNTIL POLICIES ARE FIXED.

The statement of Herbert C. Hoover, made in New York, that he was not a candidate for the presidency was not taken by men in Washington who have been in close touch with him to mean that he was no longer in a receptive mood. Mr. Hoover, it was said, cannot eliminate himself from among the presidential possibilities by any such "cryptic" statement. His friends and advisers in Washington have known for some time it was the position of Mr. Hoover that the office must seek him and that he would not by any word or gesture seek the office.

If Mr. Hoover is given the indorsement of the national convention of either of the great parties there is no doubt but that he would make the race, but Mr. Hoover would demand before making the race that the party which supported him adopt a platform of definite issues dealing with the immediate needs of the present and not one patched up with planks from the past.

He says: "As an American citizen by birth and of long ancestry, I am naturally deeply interested in the present critical situation. My sincere and only political desire is that one or both of the great political parties will approach THE VITAL ISSUES WHICH HAVE GROWN OUT OF THE WAR AND ARE NEW, with a clear purpose looking to the welfare of our people and that candidates capable of carrying out that work should be nominated."

"If the treaty goes over to the presidential election (with any reservations necessary to clarify the world's mind that there can be no infringement of the safeguards provided by our constitution and our nation-old traditions), then I MUST VOTE FOR THE PARTY THAT STANDS FOR THE LEAGUE. With it there is hope not only of the prevention of war, but also that we can safely economize in military policies. There is hope of earlier return of confidence and the economic reconstruction of the world."

"I am being urged by people in both parties to declare my allegiance to either one or the other. Those who know me know that I am able to make up my mind when a subject is clearly defined. Consequently, until it more definitely appears what the party managers stand for I must exercise a prerogative of American citizenship and decline to pledge my vote blindfold."

"I am not unappreciative of the many kind things that my friends have advanced on my behalf. Yet I hope they will realize my sincerity in not tying myself to undefined partisanship."

UNIONISM VS. BOLSHEVISM.

The strong stand taken against bolshevism by Samuel Gompers in an article in the official organ of the American Federation of Labor is a vivid reminder of what many cities of labor unionism are prone to forget—that trade unionism is not an ally of bolshevism, but its natural enemy.

This fact is so clearly recognized in Russia that the Bolshevik government has sought, from the first, to crush trade unions. A similar antagonism, none the less real because it is less obvious, is found among socialists in general. They endeavor to win over the unions; failing in that, they endeavor to undermine them from the inside; failing in that, they fight them openly.

The fact is put very clearly by Peter W. Collins, one of the most representative and influential labor leaders in the United States, who has been fighting the forces of destructive radicalism for 20 years. Speaking of Haywood, Berger, Hunter and other Socialist leaders of various types, he says:

"The object of all of these is to destroy the labor unions, for they realize that there is a great gulf fixed between trade unionism and Socialism; the two are incompatible; their basic principles are in direct opposition. Union labor is the greatest bulwark against Socialism. Union labor is working for the benefit of the toilers; Socialism is working against them. One has but to read the writings of the real leaders of Socialism to see this violent antagonism between it and labor."

Mr. Gompers makes it very plain what American organized labor has to fear from the Russian system. He points out that bolshevists have split up the reserve funds of trade unions, throttled the labor press, killed labor organizations, split trade unions as a class and put down strikes by force of arms and plentiful executions. More than this, they have denied one of the fundamental "concepts of freedom of the American nation," as well as of American labor, the principle that "any involuntary servitude (that is, compulsory labor) shall not be enforced upon the working people."

It is quite evident that trade unionism has ample reason for fearing bolshevism, just as bolshevism has ample reason for fearing trade unionism. Members of American labor unions, who are for the most part intelligent men, are generally able to see this fact, and that is why leaders like Mr. Gompers have been able to hold the Federation of Labor fairly steady as a conservative labor organization. It would be well if those ultra-conservative citizens who ignorantly put unionism and socialism in the same category, and oppose both with equal vigor, could be made to understand this. If they opened their minds to facts, they would support trade unionism as the strongest defense against Bolshevism.

The selling of young infants seems to have become the popular disposition of a great social problem, and we suppose it is only a question of time before we hear of profiteering charges along this line also.

The irony of it all is, while snuffing with a cold you pick up a newspaper to see displayed on the first page a picture of society sporting on the beach in Florida in the good old summer time.

A union of the middle class or hourgeois is now advocated as a means of lowering the high cost of living, but in these days of stress, the charge of real socialism is becoming so popular that dissention is likely to creep into the ranks of the hosts.

Needs must always be governed by the exigencies of the times, and the politician with the corrupt form, the red necktie, and the customary black cigar, must inevitably give way to the sleek, well groomed ladies' man, when the suffrage amendment becomes a reality.

We imagine those Steubenville school teachers who went on strike for increased wages recently, will have trouble in enforcing the law should their pupils conceive the same plan for shorter hours.

The Crown Prince is apparently as conceited as ever when he offers himself to take the place of 900 war lords wanted by the Allies.

We have always been in favor of allowing the law to take its course but it seems a shame to sacrifice five lives to preserve that of a doomed prisoner, admittedly himself a murderer.

If popular interpretation of the term fifty-fifty means anything then in the year 5050 we can expect an amicable adjustment between capital and labor.

TWENTY YEARS AGO

Tobacco merchants of Mechanicsburg have signed a petition not to sell a brand of tobacco made by a trust.

Rev. Father Neville, chaplain of the Notre Dame Academy, Dayton, officiated at St. Brigid's church yesterday and preached an excellent sermon at 10 o'clock mass.

Citizens of Greene County met and discussed the condition of the court house Saturday. Judge Howes called the meeting to order and Hon. Andrew Jackson was made chairman and F. E. McGervey, secretary. Very little of importance came of the meeting.

The work of wiring the city building preparatory to lighting it with electricity was begun this morning by Messrs. Harry Gallagher and Will Potter.

On Saturday evening, Mr. Alvin C. Davis and Miss Orpha Huzzles were united in marriage at the First M. E. church parsonage by Rev. Turrell. They will live for the present with the bride's parents, 4 miles north of Xenia on the Columbus pike.

CHATTER

The editor's assistant burst into the boss' office, absolutely dropping the usual reverence shown when in the presence of the "old man."

"Animated ink pots!" he yelled. "Here we've got a whole lot of account of Jimjam the murderer's execution, on the press, and now the

fool's been pardoned! Pulverizing pastepots, man! What are we to do?"

With a calm that can only be adopted by an occupant of the editorial chair, the editor eyed his worried assistant.

"There's nothing to be excited about, man!" he remarked, calmly. "Just put over the headlines in large letters: 'Jimjam pardoned! Sensational account and pictures of what he escaped!'"

They were playing poker in a western town. One of the players was a stranger, and was getting a nice trouncing. Finally, the sucker saw one of the players give himself three aces from the bottom of the pack.

The sucker turned to the man beside him and said: "Did you see that?"

"See what?" asked the man.

"Why, that fellow dealt himself three aces from the bottom of the deck," said the sucker.

"Well, what about it?" asked the man. "It was his deal, wasn't it?"

"What can I do," asks Smalholder. "To keep the birds from destroying my plums, apples and pears?"

The best way is to sell the orchard when they are asleep. The simple creatures will go on destroying someone else's plums, apples and pears without discovering the deception that has been practiced upon them.

Woman 80 Years Old

Says she owes her wonderful health to Vinol, our Cod Liver and Iron Tonic.

Wooster, O. — "The gripe left me in a weakened, run-down condition. Doctors had given me their best tonics without effect. As I have depended on Vinol to build me up every spring for the past nine years with such good results, I tried it. My appetite improved, my strength came back so I am not only taking care of my household duties, but direct the management of two large farms. I tell all my friends to use Vinol when they need strength." — Mrs. MARTHA SICKLES.

Women who are run-down, nervous, lack energy and working strength should take Vinol as it contains Beef and Cod Liver, Pepton, Iron and Hypophosphites, the very elements needed to restore a lost appetite, enrich the blood and create strength.

ALLEGED BRIBERY SCANDAL HANGS FIRE IN SPRINGFIELD

Springfield, O., Feb. 12.—No new developments have been forthcoming in the alleged "bribery" scandal, which has set all Springfield talking.

City Commissioner Frock was reticent yesterday upon the advice of his attorneys and did not make any new disclosures. The plans of Attorney John M. Cole and Police Prosecutor Flack were also kept silent as they are working on the case. No information as to what was contained in the dictaphone transcript has been given out.

The investigation begun by Mayor Westcott and carried out by the police with his full knowledge, was news to many of the city officials, who did not know that an investigation was being conducted until Frock himself broke the news by threatening charges of a "frame up" to ruin him.

TAXI DRIVER WILL BE CHARGED WITH HITTING PEDESTRIAN

Columbus, O., Feb. 12.—After leading police officers an automobile chase through the streets here at 49 miles an hour, William Olney, aged 20, driver for a local taxicab company was arrested for running down F. A. Hinchey, Tiffin, legislative representative from Seneca county. Hinchey was taken to his room at a hotel here. He was injured about the legs and abdomen. Olney was placed in the city prison.

According to the officers who caught Olney, he did not stop his machine after hitting Hinchey. They immediately commandeered another machine and gave chase.

Early Insurance Company. Fire insurance originated in its modern form immediately after the great fire of London in 1666. In 1696 the Hand in Hand—probably the oldest fire insurance company in the world and certainly the oldest in Great Britain—was established on the mutual principle.

EVERYDAY ETIQUETTE

"How shall I send a gift to a friend who has just become engaged?" asked Gladys.

"Such a gift is generally packed where it is bought and is sent with the giver's card to the future bride directly. If it is marked the bride's maiden name or initials should be used. She should always acknowledge its arrival in a personal note written by herself," said her sister.

MOTORAIDS

Motorists are apt to neglect to dust soapstone inside of the casing when changing a tube, and others use the soapstone so sparingly that it does but little, if any, good. Or, they may

BAD COUGH; NIGHT SWEATS; LOST WEIGHT

Mr. Coleman thought his time had come. But he's well now.

"I was taken with a dry, hard cough about 6 months ago. Finally I got so sore across the chest I could hardly breathe; had night sweats so bad everything would be wringing wet, and coughed continually until I thought I would kill me. Had no appetite, spent over \$100 on doctors and medicines, and was worse off than when I started."

"The first bottle of Milks Emulsion did me more good than all the \$100 spent for other treatment. It soon gave me a good appetite, my cough left me, and I have regained the flesh and strength I had before I was sick." — Arthur Coleman, Box 331, Helena, Ark.

You need an appetite, a good stomach, and some real strength if you want to fight off disease. Give Milks Emulsion a trial at its maker's risk. Milks Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milks Emulsion is strongly recommended to those whose sickness has weakened, and is a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved—usually in one day.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream.

No matter how severe your case, you are urged to try Milks Emulsion under this guarantee—Take 3 bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 60c and \$1.20 per bottle. The Milks Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.

SUFFRAGISTS ARE JUBILANT OVER SUCCESS OF PLANS

Chicago, Feb. 12.—Ratification of the suffrage amendment by the Idaho legislature added to the jubilation prevalent at the opening of the Victory Convention of the National American Woman's Suffrage association here today—a convention celebrating the successful conclusion of the 51 year fight made by women for the right to vote.

The association "writes its own epitaph," at the convention. It is to be succeeded by the new League of Women Voters members of which attended the opening session. They are here to learn all that the parent body can teach them on the wielding of the ballot.

Among the delegates was Mrs. Helen Aiken Starrett, 80 years old, of Portland, Oregon, who so far as known, is the only living delegate who attended the first suffrage convention called by Susan B. Anthony in 1849.

SAYS EX-KAISER PREPARED REFUGE FOR SELF IN 1914

London, Feb. 12.—William Le Queux, noted British author, writing in Horatio Bottomley's paper "John Bull" declares he is able to reveal at this time, that as far back as January 1914, the ex-kaiser prepared a refuge for himself at Amerongen, Holland, and that the Dutch pledged to protect him to the point of war.

This revelation, Le Queux said is based on discoveries of the French secret service. The writer declared that Dutch socialists are already asking questions "if certain highly placed persons in Holland were not heavily bribed." According to Le Queux certain Hollanders are "already trembling in fear of exposure."

EMPLOYEES DENY ALL INTENTIONS FORMING A UNION

Columbus, O., Feb. 12.—City employees, seeking salary increases, when urged to organize and affiliate with the American Federation of Labor, declared they have no intention of forming an employees union here. William R. MacCready, St. Louis, in addressing city employees here representing 20 departments, declared that he had organized a union in St. Louis which includes 4500 of the 6500 city employees.

Some of the employees here, it is said, are in favor of organizing if the city council fails to grant the increases which the employees have requested.

GAME WARDEN MAY GET FEDERAL JOB

J. W. Stuber, assistant chief of the Ohio Fish and Game Department, who exhibited the state fish and game moving picture reel at the annual meeting and banquet of the Greene County Fish and Game Protective Association here recently, may resign from the department. Stuber has been offered the position of assistant chief United States game warden by the bureau of biological survey at Washington and it is learned that Washington has been trying to secure Stuber's services for some time. George W. Lawyer, chief warden of the United States visited Columbus Wednesday in an effort to get Stuber.

Stuber has not yet announced whether or not he will accept the offer and according to A. C. Baxter, chief of the Ohio Fish and Game Department, pressure is being brought to bear to keep him in Ohio. Ohio sportsmen Wednesday night prepared to introduce a bill in the legislature to increase Stuber's salary to the figures offered by the government.

Easy to Take This Pine Cough Remedy

Thousands of families swear by its prompt results. Inexpensive, and saves about \$2.

You know that pine is used in nearly all prescriptions and remedies for coughs. The reason is that pine contains several peculiar elements that have a remarkable effect in soothing and healing the membrane of the throat and chest. Pine is famous for this purpose.

Pine cough syrups are combinations of pine and sugar. The "syrup" part is usually plain sugar syrup. To make the best pine cough remedy that money can buy, put 2½ ounces of Pinex in a pint bottle, and fill up with home-made sugar syrup. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, you make a full pint—more than you can buy ready-made for three times the money. It is pure, good and very pleasant—children take it eagerly.

You can feel this take hold of a cough or cold in a way that means business. The cough may be dry, hoarse and tight, or may be persistently loose from the formation of phlegm. The cause is the same—irritated membrane—and this Pinex and Syrup combination will stop it—usually in 24 hours or less. Splendid, too, for bronchial asthma, hoarseness, or any ordinary throat ailment.

Pinex is a highly concentrated compound of genuine Norway pine extract, and is famous the world over for its prompt effect upon coughs. Beware of substitutes. Ask your druggist for "2½ ounces of Pinex" with directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. Wayne, Ind.

MIDDLEMAN IS HIT BY LABOR FARMER CONGRESS IN SESSION

Chicago, Feb. 12.—The "speculative middleman" was the object of assault today by the all-American farmer-labor co-operative congress. His annihilation, government own-

ership of the railroads and merchant marine and government exploitation of national resources were the aims of the congress, as sounded in the opening addresses of its officers.

The congress will, during its three day meeting, devote itself directly to plans for direct trade, cooperative banking and credits and to standardization of co-operative methods.

President C. H. Gustafson, in sounding the "keynote" at the opening of the congress, denied any third party intentions on the part of the congress.

"We have no intention of launching on the uncharted seas of a third party movement. The organized farmer and organized labor forces, uniting on a program of direct trade, are not going to be inveigled into any will o' the wisp politics."

Warren S. Stone, grand chief of the brotherhood of locomotive engineers, and head of the committee on co-operative banking and credits, was to address the congress today. Dalton T. Clark, president of the national co-operative association was to be the principal speaker this afternoon.

You will use it for those "twinges of rheumatism," for relieving that lame back, muscle stiffness and soreness, aches, all sorts of external pains, and exposure aftermaths. Only takes a little, applied without rubbing. Soon penetrates, scattering the congestion, bringing merciful relief to the throbbing, jumping part. Three sizes—35c., 70c., \$1.40. Any druggist has it. If not, we'd like to know his name.

SUFFRAGISTS ARE JUBILANT OVER SUCCESS OF PLANS

Chicago, Feb. 12.—Ratification of the suffrage amendment by the Idaho legislature added to the jubilation prevalent at the opening of the Victory Convention of the National American Woman's Suffrage Association here today—a convention celebrating the successful conclusion of the 51 year fight made by women for the right to vote.

The association "writes its own epitaph," at the convention. It is to be succeeded by the new League of Women Voters, members of which attended the opening session. They are here to learn all that the parent body can teach them on the wielding of the ballot.

Among the delegates was Mrs. Helen Aiken Starrett, 80 years old, of Portland, Oregon, who so far as known, is the only living delegate who attended the first suffrage convention called by Susan B. Anthony in 1849.

SAYS EX-KAISER PREPARED REFUGE FOR SELF IN 1914

London, Feb. 12.—William Le Queux, noted British author, writing in Horatio Bottomley's paper "John Bull" declares he is able to reveal at this time, that as far back as January 1914, the ex-kaiser prepared a refuge for himself at Amerongen, Holland, and that the Dutch pledged to protect him to the point of war.

This revelation, Le Queux said is based on discoveries of the French secret service. The writer declared that Dutch socialists are already asking questions "if certain highly placed persons in Holland were not heavily bribed." According to Le Queux certain Hollanders are "already trembling in fear of exposure."

EMPLOYEES DENY ALL INTENTIONS FORMING A UNION

Columbus, O., Feb. 12.—City employees, seeking salary increases, when urged to organize and affiliate with the American Federation of Labor, declared they have no intention of forming an employees union here. William R. MacCreedy, St. Louis, in addressing city employees here representing 20 departments, declared that he had organized a union in St. Louis which includes 4500 of the 6500 city employees.

Some of the employees here, it is said, are in favor of organizing if the city council fails to grant the increases which the employees have requested.

GAME WARDEN MAY GET FEDERAL JOB

J. W. Stuber, assistant chief of the Ohio Fish and Game Department, who exhibited the state fish and game moving picture reel at the annual meeting and banquet of the Greene County Fish and Game Protective Association here recently, may resign from the department.

Stuber has been offered the position of assistant chief United States game warden by the bureau of biological survey at Washington and it is learned that Stuber's services have been trying to secure Stuber's services for some time. George W. Lawyer, chief warden of the United States visited Columbus Wednesday in an effort to get Stuber.

Stuber has not yet announced whether or not he will accept the offer and according to A. C. Baxter, chief of the Ohio Fish and Game Department, pressure is being brought to bear to keep him in Ohio. Ohio sportsmen Wednesday night prepared to introduce a bill in the legislature to increase Stuber's salary to the figures offered by the government.

Easy to Take This Pine Cough Remedy

Thousands of families swear by its prompt results. Inexpensive, and saves about \$2.

You know that pine is used in nearly all prescriptions and remedies for coughs. The reason is that pine contains several peculiar elements that have a remarkable effect in soothing and healing the membranes of the throat and chest. Pine is famous for this purpose.

Pine cough syrups are combinations of pine and syrup. The "syrup" part is usually plain sugar syrup. To make the best pine cough remedy that money can buy, put 2½ ounces of Pinex in a pint bottle, and fill up with home-made sugar syrup. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, you make a full pint—more than you can buy ready-made for three times the money. It is pure, good and very pleasant—children take it eagerly.

You can feel this take hold of a cough or cold in a way that means business. The cough may be dry, hoarse and tight, or may be persistently loose from the formation of phlegm. The cause is the same—inflamed membranes—and this Pinex and Syrup combination will stop it—usually in 24 hours or less. Splendid, too, for bronchial asthma, hoarseness, or any ordinary throat ailment.

Pinex is a highly concentrated compound of genuine Norway pine extract, and is famous the world over for its prompt effect upon coughs. Beware of substitutes. Ask your druggist for "2½ ounces of Pinex" with directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. Wayne, Ind.

MIDDLEMAN IS HIT BY LABOR FARMER CONGRESS IN SESSION

Chicago, Feb. 12.—The "speculative middleman" was the object of assault today by the all-American farmer-labor co-operative congress.

His annihilation, government own-

ership of the railroads and merchant marine and government exploitation of national resources were the aims of the congress, as sounded in the opening addresses of its officers.

The congress will, during its three day meeting, devote itself directly to plans for direct trade, cooperative banking and credits and to standardization of co-operative methods.

President C. H. Gustafson, in sounding the "keynote" at the opening of the congress, denied any third party intentions on the part of the congress.

"We have no intention of launching on the uncharted seas of a third party movement. The organized farmer and organized labor forces, uniting on a program of direct trade, are not going to be inveigled into any will o' the wisp politics."

Warren S. Stone, grand chief of the brotherhood of locomotive engineers, and head of the committee on co-operative banking and credits, was to address the congress today. Dalton T. Clark, president of the national co-operative association was to be the principal speaker this afternoon.

Lots of Folks Wait Until the Liver and Bowels Stop Acting—Take "Cascarets" Tonight

Don't stay bilious or constipated! But don't think of the nasty cathartics, sickening oil, upsetting salts and gripping pills of the old days! They're back numbers—like candles and horse cars! Take Cascarets occasionally—feel splendid always! They are a regular laxative-treat; act without griping and insure gentle cleansing of the liver, stomach and bowels of excess bile, waste and poisons which are removed without inconvenience to you. Cascarets work while you sleep—and their cost is so little. Switch to Cascarets!

TOILET ARTICLES

are a necessity at this season of the year. March winds are coming and chapped hands and face, with roughened skin is the result. A good soap is a necessity. Either castile or a pure toilet soap.

At night cleanse the face with soap and warm water, using hot towels to steam the face.

In the morning bathe the face with cold water. Then apply a good vanishing or complexion cream. Always use a good vanishing or complexion cream before applying face powder.

We carry everything you need in toilet goods.

TOILET SOAPS, COLD CREAMS, VANISHING CREAMS, FACE and HAND LOTIONS, ROUGES, LIP STICKS, EYE BROW PENCILS, NAIL PREPARATIONS, ETC.

Heart and Home Problems

Dear Mrs. Thompson: Is it proper for a lady upon receiving an introduction to a gentleman to shake hands?
L. O. S.

Either way is correct. To shake hands is a little more cordial. Do not start and hesitate. If you hold out your hand until the man shakes it. So often the woman takes back hers just as the man reaches out and embarrassment is caused.

Dear Mrs. Thompson: I am a young married woman and like to entertain a great deal, but as I do not know the proper ideas of entertaining, I do very little of it.

In giving a little informal tea I have planned a small program also. When do I serve the tea, before or after the program, or while the program is being given?

How do I receive my guests. I have no help or servants?

E. G. S. H.

Tea should be served after the program.

Go to the door yourself to greet your guests. Then tell them where to put their wraps, for instance: "You may put your wraps in the first room at the head of the stairs."

Do not give too much thought to the correct way of doing things. Entertain as you yourself want to. Originality is always a treat. But whatever you do, keep the attitude of perfect confidence that your guests will think it all right. Never apologize. You may find helpful reading matter at the library. Tell the librarian what you want and she will help you.

Dear Mrs. Thompson: If a boy has been invited to a party and the girl he keeps company with is not, should he attend the party? F. D.

Circumstance would decide such a case. If the boy is very young, he is foolish to have only one girl and therefore should not stay away from

the party because of one girl unless he feels an injustice has been done her. Also, if the people who invite him are not acquainted with the girl, he should feel at liberty to go.

Dear Mrs. Thompson: I am twenty years old and have just finished school. I am the son of a highly honored citizen and am in love with a mill girl and my parents object. Will you please advise me what to do?

IGNORANT.

You are too young to act contrary to the wishes of your parents in this matter. For five years at least you should be fancy free so that you can enjoy different girls and form more definite tastes. The girl may be all that is desirable, and if so there is a chance that you will want her just as much five years from now. At that time I would advise you to choose your wife, regardless of the opinion of your parents.

Your parents probably feel that your environment has been so different that you and the girl would not be congenial. There is great possibility of this. She may find your society artificial and worthless, while you may find her lack of knowledge along social lines humiliating. Marriage is a most serious matter and should not be entered into hastily.

Dear Mrs. Thompson: Would it be proper for girls in high school between the ages of fourteen and sixteen to go to a class party about a quarter of a mile from town? We haven't any way of going except to walk.

THANK YOU.

It would be all right to attend if one of the teachers chaperones.

"Three Deceived": All of you must lack pride. Of course it is all right for the young man to have three girl friends, but he should not make love to all. You cheapen yourselves by permitting it.

KENTUCKY MAY BE REPAID FOR TALK

Frankfort, Ky., Feb. 12.—Having borne the odium of being the "whisky state" for a century, Kentucky bids fair today to be repaid for the sacrifice Rep. Vance's bill taxing the 38,000,000 gallons of whisky in Kentucky bonded warehouses at 50 cents a gallon will net the state \$19,000,000 in taxes. This revenue will wipe out state debt and leave an endowment of \$1,000,000 for the University of Kentucky.

Hens Showed Steady Egg Gain for Mrs. Pierce in Winter Weather.

"The week before we tried Don Sung, we got 5 eggs from 50 hens. The next week, from a 50-cent package of Don Sung, we got 72 eggs, and the next week 104. Some of our hens are mere pullets and Don Sung has started them laying."—Mrs. B. F. Pierce, R. F. D. 1, Butler, Tenn.

Mrs. Pierce selected a severe time for her test—the middle of January. Yet she started getting the eggs promptly. Your hens can lay well in cold weather, and we'll prove it. Here's our offer:

Give your hens Don Sung and watch results for one month. If you don't find that it pays for itself and pays you a good profit besides, simply tell us and your money will be promptly refunded.

Don Sung (Chinese for egg-laying) works directly on the egg-laying organs, and is also a splendid tonic. It is easily given in the feed and improves the hen's health, makes her more active in any weather, and starts her laying.

Try Don Sung for 30 days and if it doesn't get you the eggs, no matter how cold or wet the weather, your money will be refunded by return mail. Get Don Sung from your druggist or poultry remedy dealer or send 50 cents for a package by mail prepaid. Burrell-Dugger Co., 284 Columbia Bldg., Indianapolis, Ind.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel. Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers. Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth"—bad breath—a dull, tired feeling—sick headache—torpid liver—constipation, you'll find quick, sure and pleasant results from one or two of Dr. Edwards' Olive Tablets at bedtime.

Thousands take them every night just to keep right. Try them. 10c and 25c.

Mrs. Pierce selected a severe time for her test—the middle of January. Yet she started getting the eggs promptly. Your hens can lay well in cold weather, and we'll prove it. Here's our offer: Give your hens Don Sung and watch results for one month. If you don't find that it pays for itself and pays you a good profit besides, simply tell us and your money will be promptly refunded.

Don Sung (Chinese for egg-laying) works directly on the egg-laying organs, and is also a splendid tonic. It is easily given in the feed, improves the hen's health, makes her more active in any weather, and starts her laying. Try Don Sung for 30 days and if it doesn't get you the eggs, no matter how cold or wet the weather, your money will be refunded by return mail. Get Don Sung from your drug store, poultry remedy dealer or send 50 cents for a package by mail prepaid. Burrell-Dugger Co., 284 Columbia Bldg., Indianapolis, Ind.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

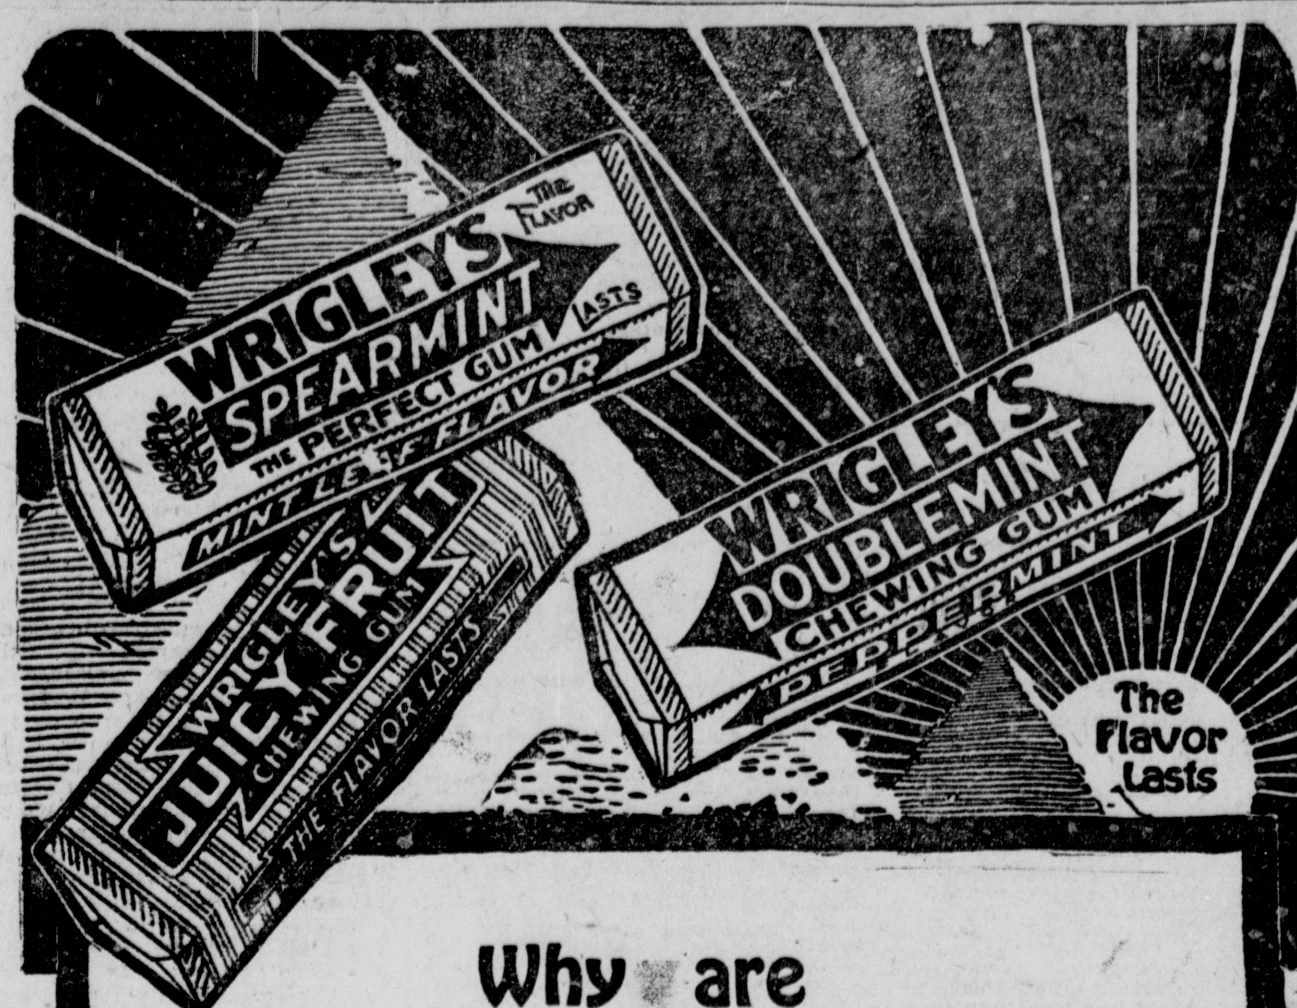

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers. Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No gripping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth"—bad breath—a dull, tired feeling—sick headache—torpid liver—constipation, you'll find quick, sure and pleasant results from one or two of Dr. Edwards' Olive Tablets at bedtime.

Thousands take them every night just to keep right. Try them. 10c and 25c.

NO CEREMONIALS FOR LINCOLN DAY HALTS FRAUD TRIAL

Grand Rapids, Mich., Feb. 12.—No ceremonials in recognition of Lincoln's birthday halted the Newberry trial today. In view of the long grind ahead—some 300 witnesses remaining to be heard for the prosecution—Judge Sessions ordered court as usual.

With the opening of court today the defense began a careful cross examination of Claire Higbee, Grand Juror, who was recalled last evening just before adjournment by the government to testify further regarding alleged admissions of certain defendants before the grand jury.

He told of the testimony of defendant Roman F. Glocheski before the grand jury. Glocheski, he said, told the grand jury that on a visit to the office of Paul King, Newberry campaign manager, he saw a table completely covered with bills of various denominations running from \$20 to \$100.

"Glocheski said he thought at one time there must have been a million dollars there," testified Higbee.

DENY RECEIVING NOTE.

BIG DROP SEEN IN PRICES OF ALL PRODUCTS

Chicago, Feb. 12.—The high cost of living is actually on the downward trend.

Prices of eggs, butter and potatoes are going lower weekly, price comparisons secured today by the International News Service show. And flour is also coming down—so markedly that the return of the ten cent loaf of bread in the not too distant future was predicted today.

A fifty cent drop on a barrel of flour was recorded today in the wholesale market, carload lots selling for \$12.50 instead of \$13.00.

Eggs that retailed today at from 59 to 62 cents a dozen, were selling a few weeks ago at \$1.00 or over. Butter which last December sold at 75 cents a pound is today quoted at 66 to 70 cents, while the wholesale price of spuds per hundred pounds is now from \$4.05 to \$4.85 as against \$5.25 to \$5.75 two weeks ago.

The bottom has not been reached on these commodities, dealers declared today. Fifty cent butter is predicted within two weeks.

LEGION TO FURNISH PROOFS OF CHARGES AGAINST DEMPSEY

New York, Feb. 12.—Various posts of the American Legion which adopted resolutions condemning Jack Dempsey as a slacker and others who have joined in the movement against the world's champion, will be given an opportunity to present evidence to substantiate their charges before the army, navy and civilian board of boxing control.

The hearing of the evidence in the Dempsey investigation has today been held up, pending the arrival of Dempsey's draft questionnaire and other documents. Members of the investigation committee of the boxing board, said that charges against the world's champion so far as they have been able to discover to date have been based on hearsay. All future sessions of the committee will be open to members of the press.

In case some of Dempsey's accusers appear before the board to present evidence, it is believed the champion

REFUSAL MADE BY OFFICIALS AIDS POSITION

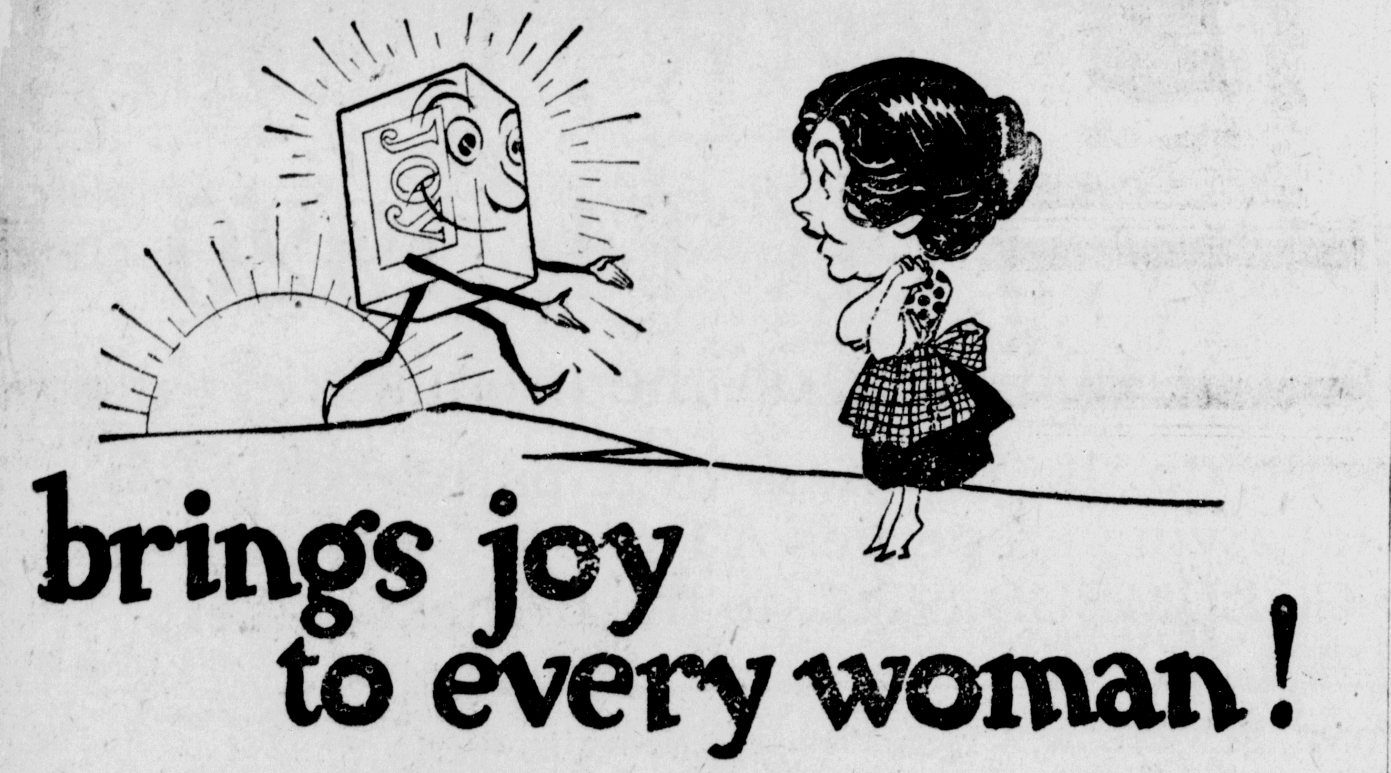

Berlin, Feb. 11.—Delayed—The refusal to extradite the German military and state officers demanded by the allies for trial, is strengthening the position of the Ebert government, according to indications today. Both the extreme right and the extreme left in the national assembly are supporting the ministry's attitude. Herr Von Simson, who is acting as legal adviser to the foreign office, is authority for the declaration that German submarine commanders who were guilty of deliberately killing sailors from allied ships, while trying to save themselves, would be dealt with by the German courts as murderers, and if convicted would be sentenced to death.

Herr Von Simson is supporting the government's opposition to the surrender of the list of war offenders. His position is outlined as follows: Germany is unable to regard unlimited submarine warfare as a crime. But in cases where commanders deliberately murdered sailors while trying to save their own lives, they (the commanders) will be dealt with as murderers. But we shall allow foreign representatives to appear in court as co-accusers. The death sentence will be conferred if the defendants are proven guilty.

Washington, Feb. 12.—President Wilson's cabinet has been instructed that there will be no further meetings until ordered by the president. Secretary of State Lansing today stated that he had sent letters to all the members of the cabinet transmitting these instructions. Secretary Lansing refused to comment on the reason for the action and declared it was a White House matter.

No comment was forthcoming from the White House but it is understood

EXTRADITE WOMAN AT REQUEST OF CITY AUTHORITIES

Albany, N. Y., Feb. 12.—Gov. Smith today granted the request of Chicago authorities for the extradition of Rose Pastor Stokes, millionaire socialist, who is wanted to face an indictment charging her with advocating "reformation or overthrow of government by force or other unlawful means."

Gov. Smith sent the extradition papers to Miss Clara Olsen, a special policeman, who is waiting in New York City where Mrs. Stokes is in custody to take her back to Chicago.

LEGION TO FURNISH PROOFS OF CHARGES AGAINST DEMPSEY

New York, Feb. 12.—Various posts of the American Legion which adopted resolutions condemning Jack Dempsey as a slacker and others who have joined in the movement against the world's champion, will be given an opportunity to present evidence to substantiate their charges before the army, navy and civilian board of boxing control.

The hearing of the evidence in the Dempsey investigation has today been held up, pending the arrival of Dempsey's draft questionnaire and other documents. Members of the investigation committee of the boxing board, said that charges against the world's champion so far as they have been able to discover to date have been based on hearsay. All future sessions of the committee will be open to members of the press.

In case some of Dempsey's accusers appear before the board to present evidence, it is believed the champion

REFUSAL MADE BY OFFICIALS AIDS POSITION

Berlin, Feb. 11.—Delayed—The refusal to extradite the German military and state officers demanded by the allies for trial, is strengthening the position of the Ebert government, according to indications today. Both the extreme right and the extreme left in the national assembly are supporting the ministry's attitude. Herr Von Simson, who is acting as legal adviser to the foreign office, is authority for the declaration that German submarine commanders who were guilty of deliberately killing sailors from allied ships, while trying to save themselves, would be dealt with by the German courts as murderers, and if convicted would be sentenced to death.

Herr Von Simson is supporting the government's opposition to the surrender of the list of war offenders. His position is outlined as follows: Germany is unable to regard unlimited submarine warfare as a crime. But in cases where commanders deliberately murdered sailors while trying to save their own lives, they (the commanders) will be dealt with as murderers. But we shall allow foreign representatives to appear in court as co-accusers. The death sentence will be conferred if the defendants are proven guilty.

brings joy to every woman!

JOY SOAP works like a wizard! You no sooner start to use it than everything brightens up. It just naturally makes you happy!

Because it does housework so quickly and easily. Washing clothes and dishes; shining bathrooms and windows; cleaning floors and woodwork—every sort of clean up job is made a whole lot more pleasant by using Joy Soap.

Joy is a firm, smooth soap with a quick-acting lather. It is truly marvelous how little work it requires to clean well with Joy.

Joy is good to the hands because it hasn't got that sticky, "soapy" feel.

It lasts longer than ordinary soaps, because of the firm body and because it does the job in less time.

Best of all, it doesn't cost any more than ordinary soaps. Ask your grocer.

BOWLING TOURNAMENT BY TELEGRAPH TO BE STARTED SOON

A field of over 180 starters will be all set for the sound of the gong on Saturday night, Feb. 21, when the first International Industrial Telegraphic Bowling tournament will start on its way. The representative team of each concern interested is made up of bowlers who are employees of that concern. The tournament, though of an international scope, is strictly an industrial one, as it is confined to teams representing industrial concerns all over the United States and Canada.

A great amount of interest is being shown as to the general outcome of the tournament, as there has been some discussion during the past few years as to the classic bowling five in the industrial world, and while there have been numbers of local competitive matches in different sections of the country, this is the first tournament embodying entrants from over such a large field. This was made possible by the use of the telegraph, as the scores will be wired to headquarters in Chicago after the completion of three games. There is no entry fee and all prizes are donations.

The telegraphic code booklet containing the code system for the wiring of the scores is now in the hands of the captains of every team entered and the use of same will condense the message to such an extent that all scores can be transmitted in a message of not more than ten words.

While there are no alleys in operation here at present and therefore no local teams to enter in the tourney, local bowlers are much interested in the first international event. The following teams have entered from Dayton: Davis Sewing Machine, U. S. Naval Ordnance, McCook Field, Domestic Engineering Co., Dayton Engineering Laboratories, Carroll Engineering Co., National Cash Register Co., and Ohmer Fare Register Co., while the Robbins and Myers team is entered from Springfield.

CEDARVILLE

Mr. and Mrs. George Creswell entertained a number of friends at dinner Thursday noon.

Mr. and Mrs. George Smith (Ruth Harris) of Spring Valley and Miss Pauline Smith of Xenia, were the guests of Miss Anna Collins Sunday.

Cedarville Teams Defeated.
Cedarville College boys' basketball team were defeated by the Y. M. C. A. team of Washington, C. H., Saturday night. The girls played the Robbins Myers team of Springfield losing by the score 18-14.

Mrs. W. P. Harriman and son Robert are suffering from the influenza.

Mr. and Mrs. Frank Turnbull entertained a number of friends at dinner Tuesday.

Mr. and Mrs. Collin McMillian of Washington are the guests of friends and relatives here.

Joseph Gordon student of Cedarville High school is seriously ill with pneumonia.

Mr. and Mrs. Charles Graham are announcing the birth of a daughter, Tuesday, Feb. 6.

Miss Gertrude Bumgardner of Columbus, O., was the week end guest of her brother-in-law and sister, Mr. and Mrs. Howard Turnbull.

Mrs. Karl Buhl is seriously ill of toxin poison.

Miss Sarah Wolford returned to her home Tuesday night after being in Xenia several weeks taking care of her nephew, Fred Haines and family, who have had the influenza.

CITY COMMISSION TO MEET FRIDAY

Because of the legal holiday on account of the anniversary of Lincoln's birthday, the regular meeting of the city commission scheduled for Thursday night, has been postponed until Friday evening.

The meeting will be the first held for three weeks, owing to the fact that there were five weeks in the month of January. The city building was closed Thursday because of the holiday and it was decided to postpone the meeting until Friday to avoid meeting on that day.

RUMOR REPORTS DEATH OF KOLCHAK

London, Feb. 12—Efforts are being made to obtain confirmation of a Copenhagen dispatch to the Daily Herald, organ of the labor party, saying that Admiral Kolchak, commander of the anti-Bolshevik forces in Western Siberia, has been put to death by his own troops. According to the Daily Herald dispatch, the execution was carried out despite a wireless plea for mercy sent by the Moscow soviet. There have been numerous conflicting reports as to Kolchak's fate since the collapse of the Omsk regime.

BRADY FIVE LOSES TO BATTERY D WEDNESDAY NIGHT

The Brady five were defeated at Dayton - Wednesday night on the Y. M. C. A. floor by the Battery D outfit 43 to 18. Last week on the local floor the Bradys defeated the army lads 23 to 12 but they were unable to repeat the performance on the latter's floor.

The first half was fast with both teams playing on an even rate and the period ended with the score 13 to 12 in favor of the Gem city lads. At the start of the second half Stephens tossed one through the strings which put the local team in the lead but they were unable to hold it long.

The Battery lads got their scoring machine well oiled at this point and turned it loose. The Bradys were unable to check the powerful offense of their opponents and were forced to take the short end of the score.

Isenberg's work at guard featured for the Dayton lads while Brown showed good form at forward.

Brady 18 Battery D 43 Stephens L. F. Katter Haren R. F. Brown Barnett C. Lee Guilday L. G. Isenberg Curlett R. G. Becker Field Goals: Stephens 5, Horen 2, Guilday, Brown 7, Katter 5, Lee 5, Becker 3. Foul goals: Curlett 2, Brown 3.

CHANGES MADE IN BOXING CARD ON NEXT THURSDAY

With several changes, the schedule for the boxing show to be given at the Opera House by the Xenia Athletic club next Thursday, is now complete.

The final announcement of the promoters in charge of the boxing events, schedules Kid Killeen, of this city, who weighs in at 115 pounds, with Young Leahey, also of this city, who battles in the same class.

K. O. Derrick who was scheduled to meet Battling Beals, both of this city, will now hook up with Kid Zink of Chicago, instead, this being the other change in the card. Both lads fight at 137 pounds.

Nip Howell, well-known Dayton boxer and a former Xenia boy and Larry Davis of Fort Wayne, Ind., will headline the card arranged, these boys fighting at 145 pounds. Of considerable interest also will be the six round set-to between Battling

MYERS GETS JOB OF DAYTON SAFETY DIRECTOR, REPORT

Dayton, Feb. 12.—Col. Henry E. Myers, well-known Dayton resident and prominent business, church and fraternal man, was appointed Safety Director to replace Harry P. James, by City Manager Barlow Wednesday. Col. Myers denied the he was planning any clean up as soon as he was inaugurated into office and he also refused to discuss the gambling situation. He said his first action would be to confer with the heads of the divisions of police and fire, with the city manager and others active in municipal work so as to obtain first hand information regarding the duties of his office.

GENERAL GLENN TO OPEN HEADQUARTERS FOR WOOD IN WEST

Columbus, O., Feb. 12.—After talking with members of the state legislature relative to the presidential candidacy of Major General Leonard Wood and informing them that there would be a "friendly campaign" for Wood delegates in Ohio, General E. F. Glenn, former commandant of Camp Sherman, left here for Chicago. General Glenn opened temporary Wood headquarters in a local hotel. It was announced that William C. Proctor, Cincinnati, General Wood's chief backer, will attend a meeting here tomorrow of Wood supporters.

STORES TO CLOSE AT 5.30 AFTERNOON

Practically every retail merchant in this city has signed the petition of the Chamber of Commerce to close their places of business at 5:30 o'clock during the week and at ten o'clock on Saturday nights.

The new closing order went into effect Tuesday with the names of more than thirty merchants on the petition. The plan is to educate the people to do their shopping earlier in the day and to employers and employees a half hour more leisure.

"It's just the same as getting a half day off to be turned loose at 5:30," said one clerk.

BEAVERCREEK HIGH DEFEATED WEDNESDAY

Beavercreek High School basketball team was defeated by Yellow Springs High School at Yellow Springs Wednesday night by the score of 30-22. The game, which was staged at Kelly gym, Antioch, was fast and rough, the Beavers leading at the end of the first half 17-13.

In the preliminary game the freshmen of Yellow Springs High School played a 6-6 tie with the McKinley Junior High School team of this city, the tie not being played off. Lineup and summary:

Yellow Springs (30) Beavercreek (22)
Gram L. F. L. Brill
Sutton R. G. H. Brill
Williams C. Williamson
Weiss L. G. Durnbaugh
Shoup R. G. Ater
Field Goals: Yellow Springs—Gram 4, Sutton 5, Williams 3, Weiss 2, Beavercreek—L. Brill 3, H. Brill 5, Foul goals—Sutton 2, L. Brill 2, Referee, Lange of Wittenberg.

ELECTRIC LIGHTS FOR CITY'S STREETS

Following a conference between Dayton city officials and officials of the Dayton Power and Light Company, that city may install electric street lights to replace the gas lights now in use. At present gas and electric lights are both used.

The contract with the Dayton Power & Light Company is to be signed April 15 at which time the change will likely be made.

NEGLECTED COUGHS BRING REGRET

No one can afford to neglect a cough or cold. Neglect often causes serious results. The best time to doctor is when the first indications of a cough or cold appears. Coughing weakens the delicate membrane of the throat, bronchial tubes and lungs. This makes a fertile field for the development of germs. The cold, grip, tonsillitis or influenza germ should be killed before they have time to get imbedded into this delicate membrane. For 50 cents you can get three ounces of Glando Pine. Mix this with enough syrup or honey to make a pint and you have a safe, sure and reliable remedy to use. It takes hold of a cough in a hurry. The first dose opens the air cells and makes you breathe deep and easy. It strengthens the membranes and destroys the cold, grip or tonsillitis germs before they begin to develop. Glando Pine is easily prepared. Directions, accompany each bottle. It tastes well and can be given to young children.

Don't be careless, but begin today to safeguard yourself against epidemics of coughs, colds, grip or influenza. Once you have used Glando Pine you will understand why people who have used it, always keep it in their homes. A dependable remedy at hand means a great deal to any family. Remember the name Glando Pine. You can get it of your druggist or it will be sent you by The Glando-Aid Co., Ft. Wayne, Ind.

TWO B. B. GAMES ON LIST FRIDAY

While the Central High School basketball team is taking on Bellbrook, winners of the Central High School tournament at the rink Friday evening, the Bradys will stack up against the Dayton Durirons on the local floor.

The Gem City tribe is boasting of a superior sort of court team on the floor this season. The team, its last eleven starts has won all but one, losing to the St. Marys Beavers, the team that defeated the Bradys here several weeks ago. For this reason the battle between the locals and the Durirons is expected to be off especial interest.

The Durirons will bring a number of rooters here and the double header is expected to attract a number of local fans.

TASTY SANDWICHES.
French Sandwich Filling—Hard boil as many eggs as desired; chop the white finely, force the yolks through a sieve, season with salt and pepper. Mix together the yolks and whites with mayonnaise dressing, so that it will easily spread on the bread.

Pimento Sandwiches.—One can pimentos chopped very fine. Mix with good mayonnaise dressing. Cut bread thin and spread with butter before adding the pimento.

To Make Head Cheese.—Two pigs' feet, one pound of veal of the hind shank. Cook meat together till it falls off the bones. Strain liquid through sieve to get fine bones out. Separate the meat from bones and chop fine in chopping-bowl. Put back in liquid, season to taste with salt and pepper, bring to boiling point and pour into wet molds. This makes two and three-quarter pounds of head cheese for 55 cents, or 20 cents a pound.

Recipe can be doubled if more is wanted.

Take the lower jaw of a hog's head (feet can also be used). Add three tablespoons of salt and cover with water. When the meat is cooked un-

til it spreads with a fork, remove from bone, shred and add to liquor in which it was cooked. Add a teaspoon of black pepper, one-half teaspoon allspice, and one cup cider vinegar.

Let boil up, skim and set aside to mold. Cut out in slices as you would cheese.

A GOOD DESERT.
Apricot Pudding—Soak two level tablespoons of gelatine in one-half cup of cold water, then place in a saucepan one-half pound of well-washed dried apricots. Add sufficient warm water to cover and let simmer slowly until the fruit is tender. Add the dissolved gelatine and stir well. Bring quickly to a boil, then remove from the fire and let cool.

Place in a saucepan one and one-half cups of milk, six level tablespoons of cornstarch.

Stir to dissolve the starch and then bring to a boil and cook for five minutes. Add yolk of one egg, seven tablespoons of sugar, one teaspoon of vanilla.

Beat to mix and then cook for two minutes. Remove from the fire and rinse the custard cups with cold water. Drain and pour into custard cups. Set aside to mold. Place white of an egg in a bowl and add one-half glass of apple jelly.

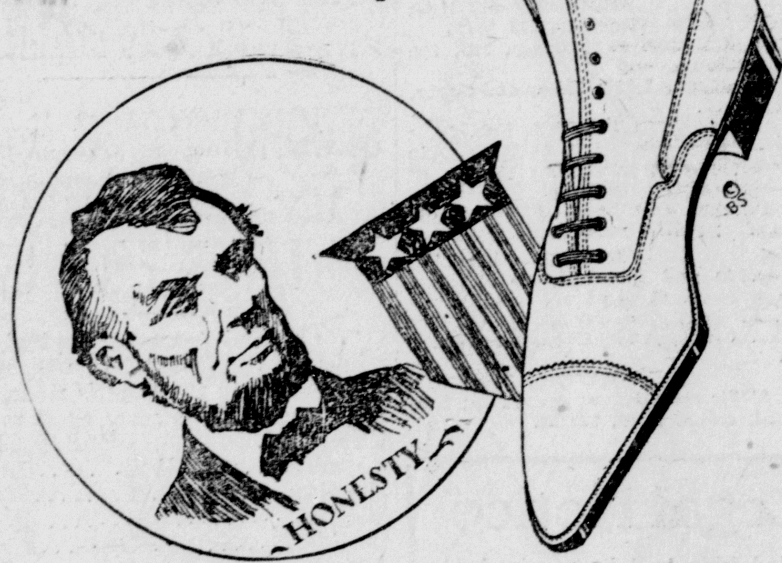

Beat, using the cover egg beater until the mixture forms a stiff meringue, slice in two pieces and place a layer of apricot mixture between the slices. Top off with fruit whip and one teaspoon of apricot jelly.

Salad Dressing.—Yolks of three eggs well beaten, one tablespoon of mustard, two teaspoons of salt, one teaspoon of flour, one-quarter teaspoon cayenne pepper, two teaspoons of sugar, two teaspoons of melted butter, one cup of cream or milk, one-half cup of hot vinegar, whites of three eggs beaten stiff.

Mix in the order given and cook in a double boiler.

THE WOMAN WHO LOVED---AND EARNED

BY JANE PHELPS

A MODERN STORY OF HOME AND BUSINESS

THE PICNIC'S AFTERMATH CHAPTER 50.

Robert slept heavily until 10 o'clock. When I called him "lazy bones" and laughed at him for sleeping so late, he said:

"I guess if you had played games like I did yesterday you would be tired too. I was stiff from not using my muscles. I feel sore, as if I had been pounded. But we had a wonderful time! You missed it not going."

"Yes, I guess I did."

Robert looked surprised, but said nothing. After I had made him a cup of coffee, and given him some crackers to stay his appetite until the Sunday dinner should be served I said:

"Now tell me all about it, what you did and everything."

"Oh, we went out into the country, automobiles, played games until dinner; had dinner, more games, back in autos. That's about all I guess."

"We had soup, cold meats of all kinds, bread and butter, coffee and cakes. A good feed, and plenty of it. There were about 50 of us in all."

"And what time did you get back?"

"About six."

"About six?" I repeated. "Why

where did you go? It was after midnight when you came in."

"It was time to eat again, and I thought it only decent to take Marion to dinner, since she had been good enough to go with me."

"Where did you go?"

"To Halley's."

I knew it was an expensive restaurant, and probably showed my astonishment, for Robert added:

"I wanted to hear some music, and see some life. That is, I wanted Marion to. She has been out very little since her father died."

"But she was at the picnic. I should think that might have sufficed for one day."

"For heaven's sake, Gerry, stop quizzing me and finding fault. If you didn't want to do anything yourself, don't act the dog in the manger if someone else does. I asked you first. You threw me down, and—"

"Where did you go after dinner?" I interrupted coldly.

"To a movie, I thought we might as well finish out the day." He yawned again.

I asked no more questions. I was not so much hurt over what Robert had done, as the careless manner in which he had left me alone all evening, and his tone in telling of it. It was as though he hadn't once thought of me.

I recalled what Mary Ryan had said about "spending a long blissful day together," and while I knew she had borrowed the expression

from some novel, it somehow seemed to fit the day Robert had spent with Marion Hovey.

"I wished all day I had gone with you," I finally remarked.

"Marion would have missed a treat."

"Perhaps you had a better time with her than I had gone."

It was a childish remark, unworthy of a woman who had refused to accept her husband's invitation, and so almost forced him to take someone else.

"Perhaps! Marion is a good little pal. She's so interested in every one, how they get on, and all that. Then she's jolly, and talks of interesting things. And—"

"Which I do not." I could not help the remark, neither could I hide the bitterness I felt. But if Robert noticed he paid no attention. He answered:

"You are too apt to talk shop, Gerry. I guess all women who are in business, or are business women are apt to. They don't seem to be able to forget it. When a man's mood or—discouraged, he isn't in a mood to hear about Mrs. Smith buying a hat, or Mrs. Jones returning one because it wasn't becoming. Don't think I am finding fault—I guess you can't help it, you business women."

"Fity you married a business woman, if you liked the other kind so much better!" I retorted, but if Robert heard he made no reply—just read his paper until dinner time.

MYERS GETS JOB OF DAYTON SAFETY DIRECTOR, REPORT

Dayton, Feb. 12.—Col. Henry E. Myers, well-known Dayton resident and prominent business, church and fraternal man, was appointed Safety Director to replace Harry P. James, by City Manager Barlow Wednesday. Col. Myers denied the he was planning a "clean up" as soon as he was inaugurated into office and he also refused to discuss the gambling situation. He said his first action would be to confer with the heads of the divisions of police and fire, with the city manager and others active in municipal work so as to obtain first hand information regarding the duties of his office.

GENERAL GLENN TO OPEN HEADQUARTERS FOR WOOD IN WEST

Columbus, O., Feb. 12.—After talking with members of the state legislature relative to the presidential candidacy of Major General Leonard Wood and informing them that there would be a "friendly campaign" for Wood delegates in Ohio, General E. F. Glenn former commandant of Camp Sherman, left here for Chicago.

General Glenn opened temporary Wood headquarters in a local hotel. It was announced that William C. Proctor, Cincinnati, General Wood's chief backer, will attend a meeting here tomorrow of Wood supporters.

STORES TO CLOSE AT 5.30 AFTERNOON

Practically every retail merchant in this city has signed the petition of the Chamber of Commerce to close their places of business at 5:30 o'clock during the week and at ten o'clock on Saturday nights.

The new closing order went into effect Tuesday with the names of more than thirty merchants on the petition. The plan is to educate the people to do their shopping earlier in the day and to employers and employees a half hour more leisure.

"It's just the same as getting a half day off to be turned loose at 5:30," said one clerk.

BEAVERCREEK HIGH DEFEATED WEDNESDAY

Beavercreek High School basketball team was defeated by Yellow Springs High School at Yellow Springs Wednesday night by the score of 30-22. The game, which was staged at Kelly gym, Antioch, was fast and rough, the Beavers leading at the end of the first half 17-13.

In the preliminary game the freshmen of Yellow Springs High School played a 6-6 tie with the McKinley Junior High School team of this city, the tie not being played off. Lineup and summary:

Field Goals: Yellow Springs—Gram 4, Sutton 5, Williams 3, Weiss 2, Beavercreek—L. Brill 3, H. Brill 5, Foul goals—Sutton 2, L. Brill 2. Referee, Lange of Wittenberg.

ELECTRIC LIGHTS FOR CITY'S STREETS

Following a conference between Dayton city officials and officials of the Dayton Power and Light Company, that city may install electric street lights to replace the gas lights now in use. At present gas and electric lights are both used.

The contract with the Dayton Power & Light Company is to be signed April 15 at which time the change will likely be made.

Young Mrs. Torkins says that if experience were as good a teacher as advertised, Charley would by this time have learned something about which horse to bet on.

NEGLECTED COUGHS BRING REGRET

No one can afford to neglect a cough or cold. Neglect often causes serious results. The best time to doctor is when the first indications of a cough or cold appears. Coughing weakens the delicate membrane of the throat, bronchial tubes and lungs. This makes a fertile field for the development of germs. The cold, grip, tonsillitis or influenza germ should be killed before they have time to get imbedded into this delicate membrane. For 50 cents you can get three ounces of Glando Pine. Mix this with enough syrup or honey to make a pint and you have a safe, sure and reliable remedy to use. It takes hold of a cough in a hurry. The first dose opens the air cells and makes you breathe deep and easy. It strengthens the membranes and destroys the cold, grip or tonsillitis germs before they begin to develop. Glando Pine is easily prepared. Directions, accompany each bottle. It tastes well and can be given to young children.

Don't be careless, but begin today to safeguard yourself against epidemic of coughs, colds, grip or influenza. Once you have used Glando Pine you will understand why people who have used it, always keep it in their homes. A dependable remedy at hand means a great deal to any family. Remember the name Glando Pine. You can get it of your druggist or it will be sent you by The Glando-Aid Co., Ft. Wayne, Ind.

TWO B. B. GAMES ON LIST FRIDAY

While the Central High School basketball team is taking on Bellbrook, winners of the Central High School tournament at the rink Friday evening, the Brady's will stack up against the Dayton Durirons on the local floor.

The Gem City tribe is boasting of a superior sort of court team on the floor this season. The team, its last eleven starts has won all but one, losing to the St. Mary's Beavers, the team that defeated the Bradys here several weeks ago. For this reason the battle between the locals and the Durirons is expected to be of especial interest.

The Durirons will bring a number of rosters here and the double header is expected to attract a number of local fans.

TASTY SANDWICHES.

French Sandwich Filling—Hard

boil as many eggs as desired; chop

the white finely, force the yolks

through a sieve, season with salt and

pepper. Mix together the yolks and

whites with mayonnaise dressing, so

that it will easily spread on the

bread.

Pimento Sandwiches—One can pi-

mentoes chopped very fine. Mix

with good mayonnaise dressing. Cut

bread thin and spread with butter

before adding the pimento.

To Make Head Cheese—Two pigs'

feet, one pound of veal of the hind

shank.

Cook meat together till it falls off

the bones. Strain liquid through

sieve to get fine bones out. Separate

the meat from bones and chop fine in

chopping-bowl. Put back in liquid,

season to taste with salt and pep-

per, bring to boiling point and pour

into wet molds. This makes two and

three-quarter pounds of head cheese

for 55 cents, or 20 cents a pound.

Recipe can be doubled if more is

wanted.

Take the lower jaw of a hog's head

(feet can also be used). Add three

tablespoons of salt and cover with

water. When the meat is cooked un-

til it spreads with a fork, remove

from bone, shred and add to liquor

in which it was cooked. Add a tea-

spoon of black pepper, one-half tea-

spoon allspice, and one cup cider

vinegar.

Let boil up, skim and set aside to

mold. Cut out in slices as you would

cheese.

A GOOD DESERT.

Apricot Pudding—Soak two level

tablespoons of gelatine in one-half

cup of cold water, then place in a

saucepan one-half pound of well-

washed dried apricots. Add sufficient

warm water to cover and let simmer

slowly until the fruit is tender. Add

the dissolved gelatine and stir well.

Bring quickly to a boil, then remove

from the fire and let cool.

Place in a saucepan one and one-

half cups of milk, six level table-

spoons of cornstarch.

Stir to dissolve the starch and then

bring to a boil and cook for five min-

utes. Add yolk of one egg, seven

tablespoons of sugar, one teaspoon of

vanilla.

Beat to mix and then cook for two

minutes. Remove from the fire and

rinse the custard cups with cold

water. Drain and pour into custard

cups. Set aside to mold. Place white

of an egg in a bowl and add one-half

glass of apple jelly.

Beat, using the cover egg beater

until the mixture forms a stiff men-

ingrue, slice in two pieces and place

a layer of apricot mixture between

the slices. Top off with fruit whip

and one teaspoon of apricot jelly.

Salad Dressing—Yolks of three

eggs well beaten, one tablespoon of

mustard, two teaspoons of salt, one

teaspoon of flour, one-quarter tea-

spoon cayenne pepper, two teaspoons

of sugar, two teaspoons of melted

butter, one cup of cream or milk,

one-half cup of hot vinegar, whites

of three eggs beaten stiff.

Mix in the order given and cook

in a double boiler.

THE WOMAN WHO LOVED---AND EARNED

BY JANE PHELPS

A MODERN STORY OF HOME AND BUSINESS

THE PICNIC'S AFTERMATH

CHAPTER 50.

Robert slept heavily until 10 o'clock. When he called him "lazy bones" and laughed at him for sleeping so late, he said:

"I guess if you had played games like I did yesterday you would be tired too. I was stiff from not using my muscles. I feel sore, as if I had been pounded. But we had a wonderful time! You missed it not going."

"Yes, I guess I did."

Robert looked surprised, but said nothing. After I had made him a cup of coffee, and given him some crackers to stay his appetite until the Sunday dinner should be served I said:

"Now tell me all about it, what you did and everything."

"Oh, we went out into the country, automobiles, played games until dinner, had dinner, more games, back in autos. That's about all I guess."

He yawned and stretched his arms above his head.

"Why that isn't telling me anything at all! What did you have for dinner? How many were there of you? What time did you get in town?"

"We had soup, cold meats of all kinds, bread and butter, coffee and cakes. A good feed, and plenty of it. There were about 50 of us in all."

"And what time did you get back?"

"About six."

"About six!" I repeated. "Why she had borrowed the expression

where did you go? It was after mid-

night when you came in."

"It was time to eat again, and I thought it only decent to take Mar-

tion to dinner, since she had been good enough to go with me."

"Where did you go?"

"To Halley's."

I knew it was an expensive restau-

rant, and probably showed my aston-

ishment, for Robert added:

"I wanted to hear some music, and see some life. That is, I wanted Marion to. She has been out very little since her father died."

"But she was at the picnic. I should think that might have sufficed for one day."

"For heaven's sake, Gerry, stop quizzing me and finding fault. If you didn't want to do anything your-

self, don't act the dog in the man-

ager if someone else does. I asked you first. You threw me down, and—

"Where did you go after dinner?" I interrupted coldly.

"To a movie, I thought we might as well finish out the day." He yawned again.

I asked no more questions. I was not so much hurt over what Robert had done, as the careless manner in which he had left me alone all evening, and his tone in telling of it. It was as though he hadn't once thought of me.

I recalled what Mary Ryan had said about "spending a long blissful day together," and while I knew Robert heard he made no reply—

just read his paper until dinner time. Tomorrow—A Vacation Alone.
